- Welcome to our 11th annual Whisky Fringe -

As always there is a plethora of whiskies and other spirits available to be sampled. Please pace yourselves and make use of the water stations to constantly rehydrate and the spittoons to discard any excess (both of which are situated throughout the hall). Although 4 hours may not seem like a long time, it is more than enough for you to have your fill. When sampling, take note of the alcoholic strength of each product as listed in this guide: 40% abv is the industry standard strength of most spirits, but as you will see there are plenty of whiskies that are bottled well above this mark. They will need to be treated with due caution and respect. We are not trying to teach you to suck eggs; we simply want you to have a pleasurable day. Temptation is all around, but it is simply not possible to sample everything; so take a moment, select what you think you would like or take advice from any of the actual exhibitors themselves and then give yourself time to fully appreciate the wonder of whisky. Enjoy!

Almost all of these fine drinks are available to purchase from our shop on the Royal Mile, some at a big discount if using your £10 off voucher (terms & conditions apply). The shop will be open until 9pm this evening and for the entire duration of the Edinburgh Festival. You can also place an order with any member of Royal Mile Whiskies event staff and your bottles can be sent to you (please see RMW staff at the front entrance for assistance). Alternatively all whiskies can be ordered at your leisure from our website: www.royalmilewhiskies.com

- Guidance -

If you are relatively new to Whisky here is our brief guide to a sensible way to discover the enormous variety of whiskies that are available. It is recommended that you should aim to sample no more than 5 or 6 drams (be aware that some drams may be Cask Strength and above the standard 40% ABV). Always remember to keep yourself hydrated in-between drams.

Below is a key to helping you choose a whisky. The idea is to start with a 'Light' (number 1) and work your way towards the 'Heavily full-bodied' (number 5)

- (1) Light: aperitif-style, sweet*
- (2) Moderate: fruity, floral*
- (3) Medium: robust, light spice, some smoke*
- (4) Full bodied: rich, dried fruits, sherried*
- (5) Heavy: peaty, smoky*

- Nosing and tasting -

Appreciating a whisky involves nosing it just as much as actually tasting it; the Snifter glass provided is the best glass for this purpose. First gently nose the dram. What aromas can you distinguish? There may be any number of the following and more; Phenols (- peat and smoke) Esters (- fruity or solvent) Floral (- grass and flowers) Cereal (- malty, yeasty) Wine (- sherry and nutty) Woody (- vanilla and toast) Sulphur (- gas and rubber) Feints (- tobacco and leather).

Next, add a drop of water. It's worth trying a little without water first to see how it tastes, but the strength of the alcohol might not allow too much flavour to be tasted – so a little water will help to make the drink less fierce and stop the strength of the whisky anaesthetizing your senses and reducing the taste you will enjoy. Add a little water at a time to get the right dilution. Individual tastes will vary so experiment with what you prefer – some whiskies will be best without water.

Take a little sip into your mouth, swirl it around and concentrate on the sensations. There are three elements to look out for if you really want to evaluate the whisky. The 'taste' itself is perhaps the most obvious element - does the whisky taste sweet, bitter, salty or sour? The two other elements are the 'mouth feel', which occurs before the whisky is swallowed - is the whisky astringent, drying, fizzy, mouth watering? Finally there is the 'finish' of the whisky - does it leave an aftertaste; how long does the flavour last for?

Take a bit of time before moving onto a new whisky, to allow your taste buds to recover. There is water available throughout the hall, as well as oatcakes on all stands to help you cleanse your palate.

To ensure maximum enjoyment of your day:

- Don't drink on an empty stomach*
- Pace your sampling*
- Drink plenty of water (refresh your palate, stay hydrated)*
- Use the spittoons provided*
- Remember to keep your £10 off voucher safe*
- Don't forget to vote for your favourite dram to be entered into the prize draw*

Remember Whisky is at least 40% alcohol by volume, 4x the strength of wine and 10x the strength of beer!

- The Half Time Orange Whistle -

Listen out for the Half Time whistle today, due at 4.00 pm. It is the signal to 'commence pouring' on a few, very select drams.

A variety (but not all) of our exhibitors have agreed to bring along one single bottle of something special for you to try today, at no extra charge.

Details of what will be available will only be revealed once doors open on each day.

This is a one off special, exclusively organised by Whisky Fringe and stocks are severely limited.

The exhibitors are under strict instruction to have their special bottle available only from 4.00 pm for just a short window of time (approximately 15 minutes) or for simply as long as the bottle lasts.

You may select only ONE of these prestigious whiskies to sample.

Be prepared with your Half Time Orange token in readiness to exchange for your chosen dram.

Make sure your glass is empty, ready to receive your measure at the relevant stand.

A menu of the selection of Half Time whiskies available will be situated in the centre of the main hall, on wooden easels.

DON'T FORGET TO VOTE FOR YOUR FAVOURITE

What is this app?

This is a free-to-use web-based app for tablets and smartphones with the aim of providing a simple memory aid and record of drams sampled. All the drams available (except the Half Time Oranges) can be viewed, rated and reviewed with the press of a spare thumb (the other will undoubtedly be used to hold a snifter glass).

Who should we thank for this?

Paul O' Neill is the brains behind this operation and has created this app fuelled by nothing more than a desire not to forget the wonderful whiskies tried at past events. He (and we) must stress that, while we have tested it repeatedly on a number of platforms, all liability rests with the user. We cannot be held responsible for any problems resulting from its use.

Despite this disclaimer, we do hope that you will find this as useful as he and his friends have and advise reading the short but comprehensive "How To Use" entry below and on the app's Home Page.

How To Use:

We recommend that you register prior to the event. This can be done from your phone, tablet or computer.

Go to <http://dramtracker.com/>.

Click on the green "Login" button at the top right and select "I don't have a login".

Click the 'Get tracking drams' button to pull up the list of drams you can sample on the day.

Click a dram's name to pull out the score card and tasting notes section.

You can either scroll down the list or use the quick-access buttons at the top.

Quickly see what you've tasted by using the filters at the top of the drams list, then share your likes and dislikes with friends using the sharing tab in the top menu.
